Dear Pastor:

I am pleased to present this new, improved, and I believe comprehensive directory of community resources that I hope will be beneficial to you in your ministry to your congregation and other persons who may come to you needing assistance.

Inside in the first few pages you will find an index of 34 categories of needs with the page numbers for the agencies that our faithful workers have compiled that provide assistance for those needs. The references include local, Florida state, and also USA federal agency and other contact information to facilitate you in your ministry to those seeking your assistance.

Along with all of these references, please be aware of the telephone numbers 211, and 311, as 211 is the number to call for Switchboard of Miami if after looking inside you still do not find what you need to assist someone with a specific situation. The number 311 is the number to call for finding any particular Miami-Dade County department, in case you need to inquire as to which department may be of assistance for issues requiring attention from county agencies. However, you will also find reference made to these numbers on pages inside the directory where it was helpful to mention them.

I hope this is helpful to you in your ministry.

Sincerely, in Christ’s Service,
Rev. Michael Daily
Director of Church and Community Ministries

Christian Treatment Program
This program follows a Christ-Centered 12-Steps recovery process. Studies have shown that people who choose a faith-based approach to addiction recovery are more likely to avoid relapse and stay clean. A few of the topics addressed in the Christian program are spiritual disciplines, understanding boundaries, lessons learned from Biblical characters, and the study of addiction and grace from a Biblical perspective. Individuals in the Christian program participate in both Celebrate Recovery at local church ministries and AA/NA meetings.

The Christian Rehabilitation Program additionally includes theophostic prayer therapy, bibliotherapy for those interested in helpful reading materials, weekly church services, pastoral counseling, daily quiet time, bi-monthly communion, and baptism for those who accept Christ as their Lord and Savior.

Since 1951, Faith Farm has provided a place for recovery from addiction to drugs and alcohol. Once you recognize you have a problem and become motivated to change, you cross the threshold of applying for admission and enter one of our Farms. You will be provided a free, safe, loving place to make startling changes in your life.

Faith Farm provides a minimum 9 month, residential recovery program in Palm Beach, Broward & Okeechobee Counties in South Florida. These are people who have lost control of their lives as a result of drug and alcohol addictions and abuse. But, there is hope.

A Free Program allows many to seek the help they need without the burden of economic hardship on themselves and their families. The people that come to Faith Farm Ministries for help are those who are broken, hopeless and lost. They are down and out … overcome by tough times, beaten down by life. And, unfortunately, many just give up. Some hate themselves. Some are depressed and suicidal. Loved ones and former friends have given up on them. They have lost control of their lives as a result of drug and alcohol addictions and abuse. Without the Faith Farm FREE recovery opportunity, many of these broken individuals would not be able to get the help they need. Some addicts become incarcerated. Some are homeless and forgotten. And yes, some even die. It doesn’t have to be that way! There is hope!
